This unit includes supervisors in position classifications as listed in Appendix D attached hereto and incorporated by reference as part of this Agreement. The bargaining unit may be expanded to other classes.

Article 2: No Strike Clause

- 2.1 The Association agrees not to sanction or participate in any strike, work stoppage, slow-down, picketing, or refusal or failure to fully and faithfully perform job functions and responsibilities, or other interference with the operations of the District, including compliance with requests by other labor organizations to do so, during the term of this Agreement. Similarly, the District agrees that it will not conduct a lock-out during the term of this Agreement.
- 2.2 The Association agrees to actively and in good faith encourage unit members to return to work in the event of any of the above-mentioned happenings.

Article 3: Management Rights

- 3.1 It is understood and agreed that the District retains all of its powers and authority to direct, manage and control to the full extent of the law. Included in, but not limited to, those duties and powers are consistent with the terms of this Agreement and with applicable law, the exclusive right to: determine its organization; direct the work of its employees; determine the times and hours of operation; determine the kinds and levels of services to be provided and the methods and means of providing them; establish its educational policies, goals and objectives; insure the rights and educational opportunities of students; determine staffing patterns; determine the number and kinds of personnel required; maintain the efficiency of District operations; build, move or modify facilities; establish budget procedures and determine the methods of raising revenues; and take action on any matter in the event of an emergency. In addition, the Board retains the right to hire, classify, assign, evaluate, promote, terminate and discipline employees consistent with the terms of this Agreement and with applicable law.
- 3.2 The exercise of the foregoing powers, rights, authority, duties and responsibilities by the District, the adoption of policies, rules regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of the agreement, and then only to the extent such specific and express terms are in conformance with law.
- 3.3 The District retains its right to amend, modify, or rescind policies and practices referred to in this Agreement in cases of emergency and only as long as the said emergency exists. The term "cases of emergency" as used above specifically refers to any Act of God, natural disaster, or other calamity affecting the District. The determination of whether or not an emergency exists is solely within the discretion of the Board. However, before the Board determines that an emergency exists, the Board must state a factual basis which justifies its determination and such action must be reasonably necessary.

Article 4: Association Rights

4.1 Organizational Security

- 4.1.1 This provision shall be voted upon separately by all employees covered by this Agreement in accordance with rules and regulations promulgated by the Public Employment Relations Board. Upon such a vote, this provision will become effective only if a majority of the employees covered by this Agreement voting approve this provision. Such vote shall not be deemed to either ratify or defeat the remaining provisions of this Agreement.
- 4.1.2 All employees covered by this Agreement as of its effective date and upon satisfaction of the provision above shall not be required as a condition of employment to become members of the Association.
- 4.1.2.1 Unit members who are not members of the Los Rios Supervisors Association shall pay to LRSA a fair share (agency) fee. This fair share fee shall be the minimum amount necessary for the LRSA to carry out the representational obligations imposed by Educational Employment Relations Act (EERA) on the Association as exclusive representative and shall be based on the direct cost of negotiating and administering the collective bargaining contract, settling grievances, and meeting and negotiating with the employer on matters within the scope of representation. The LRSA shall provide the District the method for computing the fee.

4.2 LRSA Dues

- 4.2.1 The District agrees to deduct from each employee's wages the amount of the Association dues/fees and initiation fees as specified by the Association. Any other use of equipment and facilities shall be subject to the standard chart of costs.

Use of the District email system does not ensure that all members will have access to a personal computer or a District assigned individual email account.
- 4.4.3 Other Information
The District shall provide, in a timely manner and as mutually agreed by the parties, other information that is generally available to it and to which the LRSA has a legal right to access.

4.5 **Distribution of Agreement**

- 4.5.1 The Human Resources Office at the District Office shall have copies of this Agreement available upon request by bargaining unit members. Members shall have the option of receiving their copies in CD-ROM searchable format and the Agreement will be posted within the District's web site.

- 4.6.1 An Association representative shall be granted reasonable release time to attend meetings with administrators for the express purpose of working towards the resolution of the grievance of a unit member.
- 4.6.2 Once formal negotiations have commenced, members of the Association negotiation team shall be granted up to two (2) hours per week release time for the purpose of preparing for negotiations. The LRSA negotiating team shall not exceed more than seven (7) members.

Upon request the District will provide the LRSA with a list of unit members on a semi-annual basis. The list will include the name, home address, and phone number(s) for all unit members, unless a member has a written request on file with the Human Resources Office that such information not be released, such form to be mutually agreed upon by the District and the LRSA. If the LRSA requests additional copies, the LRSA will reimburse the District for the actual cost of providing additional copies.

4.6.3 For a given fiscal year, up to ninety-six (96) hours of release time shall be provided to the Association officers and executive board members for their attendance at conferences, conventions, and workshops relevant to representation issues and association business. Association members are to make their request for their release time to their immediate supervisor. This allocation may accumulate to a maximum of one hundred fifty (150) hours.

4.6.4 The District will act in good faith in granting said time for association meetings, training and conferences. An association member's request for such release time will be made seventy-two (72) hours in advance or as soon as is practical in writing to the employee's immediate supervisor. The Associate Vice Chancellor of Human Resources will track and maintain record of the amount of release time used by association members.

4.7 **Notification – Job Classification/Description**

The District shall provide the LRSA the opportunity to comment on and agree to notify the LRSA whenever a new job classification within the unit is being created or modified. The response time from the LRSA shall be no more than ten (10) working days from initial notification date. The LRSA President and Treasurer shall each be provided one (1) copy of the strength report prepared semi-annually by the District Human Resources Office.

4.9 Within a reasonable time following the processing, the District will provide the LRSA Treasurer with a copy of a form signed by a new hire verifying that he/she has been provided a copy of this Agreement, the discipline process manual, management handbook, and information relative to the annual new manager/supervisor orientation.

Article 5: Personnel Policies

5.1 Duties of Supervisory Employees

The Chancellor shall fix the duties of all supervisory positions in accordance with procedures determined by the governing board.

5.1.1 In situations where supervisors work with faculty coordinators, the supervisor is responsible for directing the functions of the classified support personnel as defined in Government Code 3540.1 and in accordance with the District policies and collective bargaining agreements. It is recognized that best practices indicate the benefit of the coordinator and supervisor working together on the program and its impact on the classified support staff workload.

5.2 Appointment/Probation

5.2.1 Each person appointed to a regular supervisory position shall serve a probationary period of one (1) year. At designated times during the probationary period, the performance of the unit member shall be reviewed by those having the responsibility for recommending permanent status. Failure by the District to timely reject on probation a unit member at the end of the probation period shall automatically result in that employee gaining permanent status. (Education Code 88010)

5.2.2 Upon satisfactory completion of the required probationary period, a regular unit member shall achieve permanent status in the class in which he/she served the probationary period.

5.2.3 Time spent in a service in substitute and short-term positions does not count toward a probationary period in a regular position. (Education Code 88127)

5.2.4 A regular unit member who is reassigned/transferred to a regular position of higher classification shall serve in a conditional (probationary) period of one (1) year. The person's work performance will be evaluated periodically (at least twice) during this conditional period. In the event the employee is unsuccessful in the new position, the individual shall be entitled to reinstatement in his/her former position or a position in the former classification, if the employee held permanent status in the former position and had received satisfactory evaluations. This section will apply even if this action results in a layoff.

5.2.5 At the time of appointment to a position within the bargaining unit, individuals will participate in an orientation and processing at the District Human Resources Office. Individuals will be provided copies of the LRSA contract, training materials from previous supervisory training modules and other materials to assist the supervisor in the day-to-day supervision of personnel (i.e., FRISK manual, evaluation training materials, progressive discipline training materials).

5.3 Transfers/Reassignments

5.3.1 Definitions

5.3.1.1 *Administrative Transfer*

A transfer initiated by the District. It may be a mutual interest. An administrative transfer cannot be to lower classification.

- 5.3.1.2 *Voluntary Transfer*
A transfer initiated by the employee.
- 5.3.1.3 *Reassignment*
A (lateral) transfer to another position or operating unit within the work location. A change in work shift is not a reassignment.
- 5.3.1.4 *Work Locations*
For purposes of this Agreement, work locations are defined as follows:
(a) American River College and all satellites; (b) Cosumnes River College and all satellites; (c) Folsom Lake College and all satellites; (d) Sacramento City College and all satellites; and (e) District Office/Facilities Management and all satellites
- 5.3.1.5 *Operating Unit*
Any department/division within a work location.
- 5.3.1.6 *Vacancy*
Any unit position that the District intends to fill.

5.3.2 *Employee-Initiated Transfer/Reassignment/Promotion*

The District recognizes the interests of its employees in seeking voluntary transfers/promotions. Accordingly, at least five (5) working days before a position is advertised externally, unit members meeting the minimum qualifications will be given consideration for voluntary transfer/promotion within the LRSA unit. To be considered for voluntary transfer/promotion, the unit member must submit a current application and a letter of interest to be considered for the vacant position to the Human Resources Office by the closing of the fifth working day. The unit member will be afforded an interview with the appropriate administrator and notified by the Human Resources Office of the results of the interview. When more than three (3) unit members request a transfer/promotion, the interviews may be limited to only the three (3) most qualified based on screening of applications. If none of the applicants for voluntary transfer/promotion are recommended for the position, their applications will be included in the general applicant pool for the position. However, this does not guarantee that they will be granted a second interview.

5.3.3 *Administratively Initiated Transfer*

Administratively initiated transfers will be based on the following reasons: Overage in staff and/or critical need for special preparation in specific position classes, or as may otherwise be provided under official Board policies. In most cases, a transfer made because of critical need shall continue for the duration of said need. A supervisor affected by an administratively initiated transfer shall be given a fifteen (15) working day notice unless other arrangements are mutually agreed upon. A conference will be held between the appropriate management designee and the employee prior to the effective date of the transfer. In the event that the administratively transferred unit member's former position becomes vacant, the employee may apply for reinstatement in the position and shall be granted an interview before other applicants are considered.

- 5.3.3.1 Employees who believe that an administrative transfer is unwarranted may appeal the decision to the next level of supervision beyond the immediate supervisor and to the administrative officer.

5.3.4 Employment Status

A unit member reassigned or transferred to a position of the same class shall retain permanent status in that class if permanent status has been acquired. When a unit member who has not completed a one-year probationary period with the District is granted a transfer or reassignment to another position, that person will complete his/her initial probationary period in the new assignment and will be considered permanent in the classification into which the employee was originally appointed at the conclusion of one (1) full year of service with the District. The unit member will serve an additional conditional (probationary) period in the new assignment that when added to the remainder of his/her initial probationary period will equal one (1) year. The employee will be considered permanent in the new assignment only after completion of the conditional period of one (1) year, including the overlap from the original probationary period.

5.3.5 Salary Status

When a unit member is reassigned to a position of the same salary range as the employee's present placement, the unit member will continue to be paid at the currently assigned salary.

5.4 **Performance Evaluation**

5.4.1 Principles of Evaluation of Supervisors

5.4.1.1 All supervisory employees shall be evaluated on the performance of duties and responsibilities contained in the job description, other current assignments, and established goals and objectives.

5.4.1.2 The supervisor's evaluation provides a basis on which to assess the skills of the supervisor and the effectiveness with which he/she uses these skills.

5.4.1.3 While the supervisor has responsibility for his/her own performance, there may be other elements within the working environment over which the supervisor exercises little or no control that may impact performance outcomes.

5.4.1.4 Persons served by a supervisor and his/her office may be asked to participate in providing information about the effectiveness of these services. The perspective of the supervisor's colleagues and other appropriate members of the college/district faculty and staff may be considered in the supervisor's evaluation.

5.4.1.5 The supervisor's manager is the primary evaluator and is responsible for completing the evaluation.

5.4.1.6 Self-evaluation may be part of the supervisor's evaluation.

5.4.1.7 Though formal evaluation occurs on a cyclical basis, informal evaluation occurs on a continuous, ongoing basis, and, as such, feedback from the manager to supervisor should also be continuous and ongoing.

5.4.2 Evaluation Components

5.4.2.1 The evaluation shall consist of a completed final Report of Performance form for supervisors. The evaluation may also include the Supervisor's Self-Evaluation/Staff Feedback Survey form obtained from appropriate college/district contacts. The primary rater may also ask the supervisor to

complete one of the Supervisor's Self-Evaluation/Staff Feedback Survey forms.

- 5.4.2.2 The final evaluation will be completed by the manager based on his/her observation and findings, as well as the results of the Supervisor's Self-Evaluation/Staff Feedback Survey, if included.
- 5.4.2.3 The audience for the Staff Feedback Survey will be mutually agreed upon by the manager and supervisor; the survey will be distributed to a sample of persons served by the supervisor and his/her office. Such surveys may be distributed to other supervisors, managers, faculty, and classified staff with whom the supervisor interacts.
- 5.4.2.4 The immediate manager shall be responsible for conducting the supervisor's survey, but the manager may designate another person to distribute the survey with the approved cover memo. The surveys and Scantron forms (if available) will be returned to the office of the manager where the survey ratings and written comments will be summarized.
- 5.4.2.5 The ratings may be categorized separately by employee groups (supervisor, classified, faculty, management) if five (5) or more responses are received from each of the groups; otherwise, the ratings will be combined into one (1) category.
- 5.4.2.6 Self-Evaluation
The supervisor's self-evaluation (not to be confused with the Self-Evaluation/Staff Feedback Survey) shall consist of a brief narrative with respect to his/her job performance based on the job description, annual goals and objectives, and assignments. The supervisor may also complete a Supervisor Self Evaluation/Staff Feedback form if requested by the manager.
- 5.4.2.7 The supervisor's Report of Performance should include both commendations and recommendations. The recommendations should include suggestions for improvement and, where appropriate, specific performance development activities (e.g. mentoring, job shadowing, workshops, conferences etc.).

5.4.3 Evaluation Categories

Evaluation categories shall include, but not be limited to, the following:

- a. Performance of job duties: ability to perform responsibilities and achieve objectives of the supervisor's current assignment; job knowledge; ability to achieve unit workloads; make appropriate and effective work assignments; administer rules and regulations.
- b. Leadership: Planning and organizing; judgment; decision making; achieving goals and mission of department.
- c. Human relations: Fairness and impartiality; disciplinary control; evaluating performance; support and development of subordinates.
- d. Communication: Motivating, training, instructing, listening; resolving conflicts; providing feedback.

- e. Personal qualities: Effectiveness under pressure; initiative; adaptability to new and unforeseen situations.
- f. Professional growth/staff development: what the supervisor has done to improve his/her own performance/job knowledge, etc.

5.4.4 Evaluation Categories

- 5.4.4.1 Unit members who have completed an initial one-year probationary period satisfactorily shall have a performance evaluation every two (2) years prior to their anniversary date. The evaluation has as a major goal the improvement of services in support of the educational program. If performance deteriorates before the two-year anniversary date, a special evaluation may be conducted.
- 5.4.4.2 The purpose of the performance evaluation is to reflect the unit member's proficiency in the job; promote self-improvement; develop leadership; assist employees to meet full potential; identify the areas in which the individual is performing satisfactorily, as well as the areas where improvement is desirable; identify department goals and objectives; establish goals and objectives for the supervisor for the ensuing year; determine how well the pre-established goals and objectives were met; and meet legal requirements.
- 5.4.4.3 Probationary unit members shall be rated three (3) times in the first year of employment, usually at the end of the fourth, eighth, and eleventh month of employment. The final rating will carry a recommendation regarding status for the supervisory employee.
- 5.4.4.4 Any evaluation that is less than satisfactory shall include a written explanation of the reasons for such a rating. The immediate manager shall meet with the unit member to discuss specific performance problems and make written recommendations for improvement. The unit member shall have the right to respond in writing and to attach that response to the evaluation.
- 5.4.4.5 One copy of the evaluation will be given to the unit member; another will be placed in the unit member's permanent personnel records.
- 5.4.4.6 A permanent unit member who disagrees with his/her performance evaluation may appeal such evaluation in writing to the VPA/site administrator within fifteen (15) days of date of review.
- 5.4.4.7 The process used for the evaluation of a unit member is subject to the grievance procedure. However, the standards employed and the judgments rendered, while subject to the appeals process mentioned above, are not subject to the grievance procedure.
- 5.4.4.8 The contents of all documents shall remain confidential, except as requested by law and prudent employment practices.

5.5 **Special Evaluations**

An employee or a supervisor may request a special evaluation based upon a change in position, change in responsibilities (programs), or less than satisfactory performance. Prior to an employee receiving a special evaluation for less than satisfactory performance, the employee must have received a verbal notification and a memo outlining the employee's deficiency(ies). A

manager shall provide the unit member with a memo stating the beginning and ending dates of the evaluation period and the reason(s) for the evaluation. If the special evaluation is for performance concerns, a specific work plan is required with expectations identified. The special evaluation process shall be conducted according to the principles and procedures defined in Section 5.4.

5.6 **Employee Discipline**

In the event of a demotion resulting from poor performance/disciplinary reasons, the District shall abide by the following provisions both leading up to and including the imposition of discipline.

- 5.6.1 The District shall not interview and/or question any employee in the bargaining unit, formally or informally, with the intent to impose discipline without the employee being advised of his/her right to have their LRSA representative present during the meeting as per Board Regulation 6914, Section 2.1.5.

When the District determines that the disciplinary action is warranted, it will proceed by the following provisions in Board Policy P-6911: Definitions, P-6912: Just Causes for Discipline, P-6913; Counseling Memo/Letter of Reprimand, P-6914: Severe Disciplinary Action, P-6915; Appeal Process: Board Regulation R-6913: Counseling Memo/Letter of Reprimand and R-6914: Severe Disciplinary Action.

5.7 **Demotions**

5.7.1 Definition

A demotion is the reassignment or transfer of a unit member to another position with a lower classification in the same or a different operating unit within the District.

5.7.2 Administratively-Initiated Demotion

An administratively-initiated demotion, except those caused by reduction in force, will be based on evaluation reports below standard. Demotions due to reduction in force shall be based upon sound management principles.

5.7.3 Salary Placement Upon Demotion

When a unit member is demoted to a regular position at a lower position classification, the unit member will be assigned to the appropriate range and step nearest the unit member's present rate of pay without exceeding it. In no case will the unit member's salary exceed the top step of the appropriate range.

5.7.4 Sole District Option

In the event of a demotion resulting from a reduction in force, the District may, at its sole option, allow the unit member's salary to remain frozen at its then current rate until such time as it is exceeded by the top range and step of the newly assigned position.

5.8 **Examination of Records**

- 5.8.1 There shall be one (1) official personnel file for each unit member. Such file shall be maintained in the District Human Resources Office. In accordance with current labor and public records laws (state and federal), a unit member may review any materials in his/her permanent personnel file. Such review shall be completed at a time mutually convenient to the unit member and the District Human Resources Office. A unit member may, upon request, obtain copies of documents contained in his/her personnel file. Such materials do not include ratings, reports, or records which (a) were obtained prior to the employment of the person involved or (b) were obtained in connection with a promotional examination.

- 5.8.2 Information of a derogatory nature shall not be entered into the permanent file until the employee is given a reasonable opportunity to review and comment thereon, and/or appeal to the administrative officer. An employee shall have the right to enter, and have attached to any such derogatory statement, his/her own comments thereon. Materials not included in an employee's permanent personnel file may not be used in any disciplinary proceeding. Such review shall take place during normal business hours and the employee shall be granted reasonable release time from duty for this purpose without salary reduction.
- 5.8.3 A unit member may, upon written authorization, designate an LRSA representative to review the file. Access to the official personnel file is limited to administrators, managers, and authorized Human Resources Office staff.

5.9 Professional Growth

- 5.9.1 Unit members are encouraged to increase their job knowledge and effectiveness through classes, workshops and other training/educational opportunities. To this end, flexible work schedules may be permitted with authorization of the immediate manager and administrative officer provided such flexible work schedules do not adversely affect the supervisor's professional responsibilities.
- 5.9.2 The District will reimburse enrollment fees, including the Universal Transit Pass and Student Representation Fee, and the cost of books, not to exceed \$900 per Los Rios Fiscal year, for any member of the Supervisors' unit who enrolls in any of the District colleges and outreach centers. Classes must be taken at times that do not adversely affect the supervisor's job responsibilities. Books must be purchased at a Los Rios bookstore and required for the class(es) taken and completed under this section. Receipts and grade reports or transcripts must accompany the request for reimbursement. Any amount received from selling back the book should be deducted from the original cost of the books. No lifetime cap will apply for reimbursement of enrollment fees or the cost of books when classes are taken at a District college or outreach center. The District Reimbursement of Tuition form must be completed.
- 5.9.3 The District will reimburse tuition fees up to \$1,000.00 per unit member per lifetime for any member who enrolls in and completes approved classes with a grade of "C" or higher at any accredited college provided the following criteria have been met:
- the class has been approved in advance by the appropriate administrative officer and the Director of Human Resources;
 - the class is related to the unit member's current position or would contribute toward potential promotional opportunities in the District;
 - the class does not adversely affect the supervisor's job-related responsibilities;
 - the class is not offered through one (1) of the Los Rios colleges and/or outreach centers; and
 - the employee has submitted the appropriate receipt(s) and transcript(s) or certification of completion at the required grade level with the request for reimbursement. This reimbursement may be taken all at once or spread out over several years.
 - The District Reimbursement of Tuition form (Section 1) must be completed for prior approval and after the classes are completed (Section 2) for reimbursement.
- 5.9.4 Additional funding for professional growth is available through Partnership for Excellence (PFE) Classified Staff Development funds. For the term of this contract, a one-time only amount of \$75,000.00 (accrued from unused prior year PFE staff development allocations) is available for LRSA members to utilize for additional growth activities. Use of these funds is contingent upon the commitment of the unit member to

remain employed by the District for a minimum of three (3) years after the completion of the professional development activity. Should a unit member leave the District prior to the completion of the three (3) year commitment, one-third (1/3) of the expenditure shall be reimbursed for each year/partial year of the three (3) year commitment.

- 5.9.4.1 PFE Classified Staff Development Funds may be used for tuition reimbursement after the District tuition reimbursement has been exhausted. A unit member may request a maximum of \$2,500.00 per lifetime, subject to the same guidelines found in Section 5.9.3.

The form will then be forwarded to the Vice President of Administration or the Associate Vice Chancellor of Finance. The Vice President of Administration or the Associate Vice Chancellor of Finance will confer with the LRSA unit representative for the site regarding the request. If authorized, the request will be forwarded to the Fiscal Services Office of the District Office for processing. Fiscal Services will then return the Travel Authorization and Reimbursement Claim to the College Business Office or appropriate site for the unit member to complete upon conclusion of the activity.

5.10 **Staff Development Leave Program**

A Staff Development Leave Program was established for eligible LRSA unit members in 1999-00. The program is available to LRSA members as described below. The application for Staff Development Leave is available online at the following web page:
<http://www.losrios.edu/hr/HumanResourcesForms.htm>.

5.10.1 *Nature and Purpose*

A Supervisor's Staff Development Leave Program provides a unit member with the opportunity to enhance his/her value to the District through further job-related education, the upgrading of skills or retraining for a different career path which is available at the District. The employee is totally released from his/her regular duties during the duration of the approved staff development leave to allow the unit member to engage in studies, projects, courses, or other beneficial activities which do not fall within his/her regular responsibilities during his/her regular work period. The leave may be used to complete interrupted studies, learn by observing methods used in industry or other educational institutions, or for the employee to get a substantial start on a goal of a better education.

5.10.2 Duration and Timing of Leaves

A Staff Development Leave is available to an eligible member for a period from one (1) to five (5) months at eighty five percent (85%) of the employee's regular pay during the approved leave period that is scheduled during the employee's regularly assigned work period. Such leaves may be taken in one-quarter or one (1) semester increments. The minimum approved leave is one (1) month.

5.10.3 Eligibility for Leave

Any employee who has a work assignment of at least seventy five percent (.75 FTE) of a full-time twelve-month employee and has satisfactorily completed a sequence of seven full-time equivalent (FTE) years of service with the District is eligible for a Staff Development Leave. The leave program is intended to fully release the employee from all regular assignments and responsibilities. A partial reduction in workload is not permitted. In addition, there must be seven (7) full-time equivalent (FTE) years of satisfactory service between leaves granted to one (1) individual regardless of the length of the leave period that was previously granted (one to five months).

5.10.4 Criteria

Application for leaves will be considered according to one (1) or more of the following criteria:

5.10.4.1 Retraining of the applicant to allow for future new assignment in a needed area as determined by District priorities.

5.10.4.2 Studies, projects, or activities that provide the employee with opportunities to upgrade skills and knowledge for current or future assignments.

5.10.4.3 Complete uninterrupted studies which will benefit the employee, the District, other employees and students.

5.10.4.4 Other activities which will enhance the employee's knowledge and value to the District, to other employees, and to students.

5.10.5 Application Procedures

The Leave Committee (Section 5.10.6) shall determine the application process requirements and the responsibilities of the LRSA Staff Development Leave Committee which shall, at a minimum, include the following:

5.10.5.1 The application must receive the recommendation of the immediate supervising administrator as well as the LRSA President or designee. It is expected that the deadline for applications shall provide for a minimum seven (7) months elapsed time from the application submission deadline date to the start of the approved leave.

5.10.5.2 If the applicant intends to enroll in school, the application must identify the educational institution, the academic term, and a list of courses with course descriptions. The application shall include the precise dates from the beginning and ending of the school term/session and the requested leave period. It is expected that if the requested leave is for five (5) months that the leave period will follow the District's or the applicable educational institution's academic term/semester.

5.10.5.3 An outline of the planned program containing a statement of purpose and objectives and a detailed description of the activities proposed should be stated. In addition, an appropriate method of evaluation and the

employee's plans for sharing the results of the studies, projects, or activities must be described.

5.10.5.4 The supervising administrator must provide in writing on a separate document how the on-going responsibilities of the applicant will be fulfilled during the period of leave.

5.10.5.5 The employee may apply for educational assistance as defined in Section 5.9 and as modified or enhanced by policies and regulations developed by the Leave Committee.

5.10.6 Selection of Candidates

The Staff Development Committee shall meet as needed to review, evaluate, and recommend individuals in compliance with District policy 6370. LRSA's E-Board shall appoint three members and the District shall appoint three managers to the Staff Development Leave Committee.

5.10.6.1 The LRSA Staff Development Leave Committee responsibilities shall include the review of all applications received in a timely manner. The Committee shall develop procedures to determine which leaves shall be recommended to the Chancellor for submission to the Board of Trustees. The Committee shall establish procedures and criteria to reduce the number of recommended applications to the number of authorized leaves as defined in Section 5.10.8.

5.10.6.2 The Committee shall submit by the predetermined deadline recommended applicants who meet the established leave criteria to the District Human Resources Office for consideration of the applicants by the Chancellor and the Board of Trustees. The final selection among recommended candidates shall rest with the Board of Trustees.

5.10.6.3 Should the Chancellor (or designee) disagree with the Committee's selection, the reasons shall be given in writing and forwarded to the Committee within two (2) weeks after submission. Any employee who is recommended for a leave by the Staff Development Committee and is not recommended by the Chancellor shall have the right to appeal to the Board of Trustees.

5.10.7 Reporting Process

The LRSA Staff Development Leave Committee shall establish specific reporting requirements for the employee provided the opportunity for a Staff Development Leave. Such report shall be prepared by the employee and shall be provided to the Committee within two (2) months after returning to work. In addition, the Committee shall review the report submitted by the employee and shall recommend approval or disapproval to the College President or Deputy Chancellor (or designee). Upon approval, the report shall be transmitted to the Chancellor.

5.10.7.1 The Committee shall develop detailed procedures if the report prepared by the employee is not satisfactory. Expected time lines for submission of additional information or development of the revised report shall be determined by the Committee and stated in proposed District policies and regulations for the leave program.

5.10.7.2 If the employee attended school/college during the leave, he/she shall also submit a transcript or other appropriate documentation showing satisfactory attendance and successful completion of the course work as

soon as reasonably possible. Policies related to unsatisfactory completion of such studies shall be developed by the Committee.

5.10.8 Number of Leaves per Year

The maximum number of leaves that will be available in a fiscal year is one (1) five (5) month leave or .41 FTE. If applicants are requesting less than a five (5) month leave period, additional supervisory applicants may be provided the opportunity for a Staff Development Leave. In no event shall the maximum leave for all recommended applicants exceed .41 FTE per year, plus the amount of any unused leave (FTE) from the previous year.

5.10.8.1 Leaves shall be available to all eligible LRSA unit members.

5.10.8.2 Beginning with the 2000-03 contract period, any Staff Development Leaves (FTE) which are not used or committed by the end of any fiscal year shall be carried over to the next fiscal year. Such carryover FTE shall be available to eligible employees and the selection shall follow the same procedures as defined in this section.

5.10.9 Service Agreement with the District

The successful applicant shall agree in writing to serve the District for a period of time which is equal to twice the period of the leave and shall begin his/her regular duties immediately after the completion of the leave.

5.10.9.1 If the required employment/service or other terms of the service agreement are not fulfilled, the employee shall be required to repay to the District the cost of salary and benefits, including health benefit premiums, which were provided to the employee during the period of the leave. If the employee completes a portion of required service, a ratio shall be calculated based upon the amount of unserved time/service bears to the total required service period. Such ratio shall be applied to the total salary and benefit costs incurred by the District during the leave period and shall be owed to the District by the employee.

5.10.9.2 This financial obligation shall not be required if death or permanent disability prevents fulfilling the work period required by the service agreement.

5.10.10 Salary and Benefits

The District shall provide eighty five percent (85%) of the employee's regular pay during the period of leave as long as the leave period falls within the assigned or regular work period of the employee. Monthly salary payment to the employee shall be provided in the same manner but at the reduced amount. The employee shall also receive the same level of health benefits or the District contribution amount towards medical, dental and long-term disability coverage that is provided during his/her regular assignment when actively employed.

5.10.10.1 The leave shall be considered as service time with the District for salary schedule purposes provided that all requirements of the leave are fulfilled.

5.10.10.2 During the period of the leave, the employee shall earn eighty-five percent (85%) of the normal credit for sick leave. Vacation days shall not be earned during the period of the leave.

5.10.10.3 Accrued sick leave may not be used to extend the leave period.

5.10.11 Retirement Service Credit

The employee shall receive eighty-five percent (85%) of his/her regular credit for service credited with Public Employees Retirement System (PERS). The employee may, however, arrange to make a contribution to PERS to ensure full service credit for the period of the leave as provided by PERS regulations.

5.11 **Adjunct Faculty Assignments**

Bargaining unit members are permitted to teach as adjunct professors as indicated in District Regulation R-6326, Section 7.0, and, as supervisors, may not be subject to Section 7.5.

Article 6: Work Periods

The fiscal year, July 1 to June 30, shall constitute the work year for all twelve-month positions.

6.2 **Work Year – Eleven-Month Positions**

Those positions designated as having eleven (11) months of service shall be assigned for the period of August 1 to June 30 with the month of July off or such other arrangement as will allow one (1) full month without pay.

The District shall meet and negotiate with LRSA over the effect of the school calendar on work schedules for the District prior to the adoption of any such calendar.

Article 7: Work Schedules

7.1 Work Schedule

The District retains the right to establish or modify schedules or hours of work consistent with State and Federal statutes. All members of the supervisors' unit are overtime exempt employees per Educational Code Section 88029 and the PERB unit determination.

7.1.1 Criteria established by the Fair Labor Standards Act will be used as a guide whenever other suitable criteria is unavailable. Unit members are, on occasion, expected to work overtime and they shall not be compensated for such overtime worked during the regular work week. However, providing that the unit member receives the advanced consent of the administrative officer, schedules allowing for flexible work hours for a given work day may be granted at the option of the District.

7.2 Supervisor's Overtime and Call Back Criteria and Related Compensation

7.2.1 Supervisory positions are considered exempt positions as defined by the Fair Labor Standards Act (FLSA) rules and regulations and shall not be compensated for hours worked in excess of eight (8) hours per day or forty (40) hours per week of the regular work week. And, on occasion, supervisors are expected to work beyond their regular work schedule, when needed.

7.2.1.1 With the advance consent of the immediate first level manager or administrative officer, a supervisor may be provided flexibility in the scheduling of his/her regular work hours for a given work day.

7.2.2 Overtime pay for supervisors will be provided under the following conditions:

7.2.2.1 Hours worked during the sixth and/or seventh work day of the employee's work week; or

7.2.2.2 Hours worked on a holiday or Board-granted day off where the employee is not scheduled for work; and

7.2.2.3 Hours worked with the expressed approval of management.

7.2.2.4 Overtime hours worked on the sixth and/or seventh day shall be compensated at the employee's regular hourly rate of pay for each hour worked. Overtime hours worked on a holiday or Board-granted holiday shall be compensated at the rate of one and one-half (1 ½) hours for each hour worked. Compensatory time off may be used instead of receiving payment for such overtime as further described in Section 7.2.4 below.

7.2.3 A call-back time for unit members will be recognized subject to the following conditions:

7.2.3.1 The call-back work occurred on the sixth or seventh work day of the employee's work week; or

7.2.3.2 The call-back work occurred on a holiday or Board-granted day off when the employee is not scheduled to work; and

7.2.3.3 The call-back to work of the supervisor was unplanned or unscheduled and was due to an emergency situation at one (1) or more District properties.

7.2.3.4 A minimum of four (4) hours of paid wages or compensatory time off shall apply to each call-back incident subject to this section.

7.2.4 It is the option of management whether recognition is given in compensatory time off or paid wages. However, if compensatory time is to be given, it must be taken within three (3) calendar months following the month in which the call-back occurred.

7.2.4.1 If such compensatory time off is not taken within the three (3) month period, the employee shall be paid for the overtime worked.

7.2.4.2 Compensatory time earned, taken and/or submitted for payment shall be reported on the applicable District form.

7.3 Notification of Work Schedule Changes

7.3.1 Work schedules and/or changes thereto will be based upon reasonable District needs. Unit members will be given reasonable advance notice of any change in the regular work schedule unless the change has been deemed an emergency by the administrative officer.

7.3.2 The administrative officer or first level manager shall meet and discuss the work schedules or proposed changes to the work schedule with the affected employee(s).

7.3.2.1 The administrative officer or first level manager shall then provide notification, in writing, two (2) weeks (ten working days) in advance of the change.

7.3.3 Changes to work schedules which do not require formal notification to employee are:

7.3.3.1 employee initiated work schedule changes that are mutually agreed to between the employee and the supervisor (first level manager);

7.3.3.2 temporary work schedule changes such as a summer schedule, vacation staffing or vacancy due to sick leave;

7.3.3.3 any other work schedule changes that are mutually agreed to between the unit member and the supervisor/first level manager.

7.3.4 Employees shall have the right to Association representation. When the schedule change will affect a significant group of employees, the Association will be notified of the change. On request by the Association, the District will discuss the planned work schedule changes with Association representatives.

7.3.5 Should the District implement a year-round calendar, other major changes and/or course offerings which result in access issues to facilities and grounds, temporarily or permanently, work shift changes may be implemented.

7.3.5.1 The District and the LRSA representatives shall meet to discuss the planned work schedule change(s) required to maintain, enhance or improve the delivery of services for the maintenance, repairs, renovation, security and cleaning of the District plant. Such work schedule changes shall be the result of requirements that are the result of facility access needs and/or other needs that are in the best interest of serving students of the District.

- 7.3.5.2 Such work day or work week changes may include, but are not limited to, work shift changes which are scheduled during certain weeks or months of the fiscal year.

- 7.3.5.4 Shift differential provisions as stated in Article 10, Section 10.8 shall apply.
- 7.3.6 No employee shall be required to work a split shift on a consistent basis unless it is mutually agreed to by the employee and the District.
- 7.3.7 Work schedules are reissued each year by the District's Human Resources Office as part of the notice of employment.
- 7.3.8 If the District offers an alternative summer work schedule for employees covered by this Agreement, the District and the LRSA agree to meet and negotiate over the terms and conditions of the alternate summer work schedule by approximately May 1 of each fiscal year.

7.4 Vehicle Assignment and Usage

- 7.4.1 Effective April 1, 2001, District vehicles shall not be taken home on a regular basis at night or after the workday unless prior arrangements are made with the first-level supervisor or administrative officer. Exceptions to this provision shall follow District policies and regulations established for District vehicle usage.
- 7.4.2 The District's policies and regulations developed for vehicle assignment and usage shall be reviewed by the LRSA and any comments, suggestions or recommended amendments or changes to those policies and regulations provided by the LRSA after its review shall be reviewed and considered by the District prior to presentation to the governing board.

Article 8: Leaves with Pay

8.1 Sick Leave – Personal Illness

8.1.1 Accrual

A regular full-time classified unit member earns one (1) day of sick leave for each full month of completed service (75 percent or more of the paid status days in a calendar month).

8.1.2 Use of Accrued Sick Leave

Use of earned or advanced sick leave will be allowed when a unit member is unable to work because of illness, pregnancy, or off-the-job injuries. Unused sick leave may be accrued indefinitely. Accrued sick leave will be converted to service credit for retirement purposes based on the appropriate retirement system regulations and formula.

8.1.2.1 A unit member with more than six (6) months of service who has used all accrued sick leave will be advanced as much sick leave as the person could earn during the remainder of the fiscal year. A unit member with six (6) or less months of service will be advanced the remainder of six (6) days of earnable sick leave.

8.1.2.2 A unit member who, at time of termination, has taken more sick leave than he/she has accrued, shall reimburse the District for the value of the difference. Whenever an employee is reemployed within a twelve-month period following termination, unused sick leave from the prior period of employment shall be reinstated.

8.1.3 Advance Notification

The unit member shall notify the appropriate immediate supervisor or manager of his/her illness prior to 8:00 am for day and 6:00 pm for evening and night shifts. Upon return to work, the unit member shall complete the report of absence stating the reason for the absence.

8.1.3.2 If the employee knows in advance that the absence may reasonably be expected to last ten (10) or more days (pregnancy, scheduled surgery, etc.), then the employee may submit a written physician's statement to the supervisor (or designee) prior to beginning the sick leave in lieu of daily notification. The physician's statement shall include the beginning date and the anticipated ending date of said illness.

8.1.3.3 The member's supervisor will be responsible for forwarding the physician's statement to the site administrative officer. The administrative officer will forward the information to the District Employee Benefits Office.

8.1.4 Physician Statement

8.1.4.1 A physician is any person licensed as a physician, surgeon, or psychiatrist by the Medical Board of California or by the California Board of Dental

Examiners to practice medicine and to prescribe controlled medications. Also covered is treatment by a chiropractor as specified in the Labor Code. "Physician" does not include psychologists or licensed clinical social workers.

Upon request, the unit member shall submit a physician's written statement verifying the need for continued absence for any extended illness and the approximate date when the unit member may be expected to return to work.

8.1.4.3 The administrative officer may request a physician's statement to verify any illness absence. The physician's statement shall include a statement that in the doctor's opinion the employee could not work and dates of illness. When requesting the use of "Other Sick Leave," the physician's statement shall include a diagnosis (medical condition).

8.1.4.4 The District may request a physician's statement to verify any illness to ensure that an employee is able to resume the duties of the position before allowing him/her to return to work.

8.1.5 Sick Leave Pay

Pay for any day of absence chargeable to sick leave shall be the pay rate which the unit member would have received had the unit member served during the day.

8.2 Use of Accrued Sick Leave for Maternity, Paternity, Birth of Child

8.2.1 A classified employee may use accrued sick leave for illness or injury resulting from pregnancy, miscarriage, childbirth, and recovery therefrom. A unit member shall submit to the site administrative officer for forwarding to the Employee Benefits Office a physician's statement verifying the period of time with beginning and ending dates that the unit member was temporarily disabled, ill, or injured because of pregnancy, miscarriage, childbirth, and recovery therefrom.

8.2.2 A classified employee may use up to ten (10) days of accrued sick leave for absences to care for his/her newborn child or the mother of the newborn child without prior medical verification. The use of this accrued sick leave is intended for the employee not covered under Section 8.2.1 above. Whenever possible, employees shall provide advance notice for use of this leave. When advance notice is not possible, the employee will notify his/her supervisor within twenty-four (24) hours of the commencement of the leave.

8.2.3 A classified employee who is adopting a child may use up to ten (10) days of accrued sick leave for the purpose of caring for the needs of the newly adopted child.

8.2.4 One (1) day of absence with pay will be granted to an employee at the birth of his/her child or at the time of legal adoption of a child or the day of adoptive placement of a child. This leave is in addition to the leave provided in Sections 8.2.1, 8.2.2, and 8.2.3 above.

8.2.5 The District shall comply with all applicable state and federal laws pertaining to family care leaves and as more specifically expressed in the Family Medical Leave Act (FLMA), California Family Rights Act (CFRA), and Pregnancy Disability Leave (PDL) provisions.

8.3 Use of Accrued Sick Leave for Personal Necessity

- 8.3.1 Seven (7) days of accrued sick leave may be used by an employee during a fiscal year for the following personal necessity reasons: death of immediate family members when leave beyond that allowed by bereavement leave is required; accident involving the unit member or his/her property or an accident involving a member of the employee's immediate family; appearance in court when the unit member is required to appear as a litigant or witness; religious observances of a unit member's faith; serious illness of a member of the immediate family; funeral for a very close friend or relative not included in section 8.3.3; imminent danger to the home of the unit member (such as danger occasioned by flood, fire, or earthquake or of such a serious nature that the unit member could not reasonably be expected to disregard it); inability to get to one's assigned place of duty because of transportation failure (mechanical); or prohibitive weather.
- 8.3.2 Medical and dental appointments of the employee's dependents that cannot reasonably be scheduled at times other than working hours may be charged to personal necessity leave.
- 8.3.3 Immediate family includes: mother, father, grandparent or grandchild of the employee or of the employee's spouse or domestic partner; and step-mother, step-father, spouse, domestic partner, son, son-in-law, step-son, daughter, daughter-in-law, step-daughter, brother, brother-in-law, sister, sister-in-law, aunt or uncle of the employee; child or sibling of domestic partner; wife or husband or domestic partner's child; or any person living in the immediate household of the employee.

8.4 Transfer of Accrued Sick Leave – Between Employers

A regular unit member who has been employed by another public school district within the State of California for a period of one (1) calendar year or more, whose employment has been terminated for reasons other than action initiated by the employer for cause, and who accepts employment with Los Rios within one (1) year of termination with the former district, may have transferred all illness absence credit (sick leave) accumulated with the former district. In any case where an employee was terminated as a result of action initiated by the employer for cause, such a transfer may be made if agreed to by the Board of Trustees. The employee must initiate the transfer of sick leave and the transfer must be accomplished within one (1) year of the termination of his/her former employment. (Education Code 88202)

8.5 Advance Sick Leave and Other Sick Leave (Five Month Law)

- 8.5.1 In addition to accrued sick leave, a permanent unit member will be advanced sick leave up to the number of days allowable in the current fiscal year.
- 8.5.2 Furthermore, each fiscal year a total of one hundred (100) days of sick leave, including the accrued sick leave provided in Section 8.1 and Education Code 88191, will be credited to each member of the unit. Each day of "other sick leave" shall be compensated at the rate of fifty percent (50%) of the employee's regular salary. The paid sick leave provided in this section shall be in addition to any other paid leave and shall be used after the exhaustion of the leaves provided in Education Code 88191 and 88192.
- 8.5.2.1 Allowable "other sick leave" shall not be accumulative from year to year, nor shall an employee be credited with more than one (1) entitlement to "other sick leave" for a single illness or injury. Section 88196.5 of the

Education Code is hereby referenced and considered included herein. Use of this five (5) month law requires submission of a physician's statement (see Section 8.1.4).

- 8.5.2.2 Under the terms of this section, provisions of the "other sick leave" may only be used for long-term illnesses of five (5) consecutive days or more, except that follow-up medical treatments related to the original illness may be credited to sick leave under "other sick leave" on an hour-for-hour basis. In order to apply this provision, the employee must be eligible for this sick leave under the terms and conditions cited above.

8.6 Use of Vacation for Illness Absence

Whenever the unit member uses all allowable sick leave, further absence will be charged against accrued vacation; or, with administrative approval, the employee may take loss of pay rather than vacation.

8.7 Industrial Accident and Illness

The District is self-insured for the benefit of the regular unit member who sustains a personal injury in the performance of the job. Industrial accident or illness is defined as an illness or injury supported by a physician's certificate and qualifying as being work-connected under the Labor Code.

8.8 Allowable Days of Compensated Absence

8.8.1 All regular unit members with three (3) full years of District service shall be granted industrial accident and illness absences with full pay for each such accident or illness. Allowable leave shall not exceed sixty (60) working days for the same accident. Allowable leave shall not be cumulative from year to year. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the employee shall be entitled to only that amount remaining at the end of the fiscal year in which the injury or illness occurred.

8.8.2 Industrial accident or illness absence shall commence on the first day of absence from work and shall be reduced by one (1) day for each day of authorized absence regardless of any temporary disability award.

8.9 Education Code Restriction on Travel (Education Code 88192)

During industrial accident and illness absence, the unit member must remain within the State of California unless specifically authorized to travel elsewhere by the Chancellor.

8.10 Catastrophic Illness or Injury Leave Program

The purpose of the Catastrophic Illness or Injury Leave Program is to establish a program where employees may donate eligible leave credits to a Catastrophic Illness or Injury Leave Bank that may be used by an eligible employee when that employee or a member of his or her immediate family suffers from a catastrophic illness or injury. The bank will be a pool available to any eligible employee from a participating bargaining unit or employee group. For purposes of administering the program, the Catastrophic Illness or Injury Leave Program shall operate on a cycle of three years. The first cycle of the program shall commence on July 1, 2008 and end on June 30, 2011. Unless otherwise agreed, the Catastrophic Illness or Injury Leave Program shall automatically renew for an additional three year cycle upon the conclusion of a cycle.

Employees must file claims for reimbursement with the District when eligible costs have been incurred which then allows employees to pay for dependent care costs with pre-tax dollars. The District also has a Medical Expense Flexible Spending Account (FSA) plan. The plan enables employees to fund eligible uncovered medical/dental/vision expenses with pre-tax dollars.

Appendix A: Compensation 2009-10

A.1 Funding Sources for Salary & Benefit Improvements

The bargaining unit shall receive its proportionate share of eighty percent (80%) of certain new or increased unrestricted revenue that is above an established base amount.

The bargaining unit's proportionate share of such revenues is based upon:

- A.1.1 The unit's total salary and benefit cost, including the cost of District contribution towards health coverage for all authorized/filled positions associated with the LRSA unit is
- A.1.2 Which is compared to the total District salary, benefit and contribution costs for authorized/filled positions of all District employee groups.
- A.1.3 Authorized/filled positions funded from special programs/categorical funds are excluded from calculations of both LRSA unit's cost and other employee group costs.
- A.1.4 The related salary and benefit costs including the District contribution costs associated with District contract managers are also excluded.

The determination as to whether such defined revenues are "continuous" or "one-time-only" is defined below but may be modified during the term of this contract due to new State regulations. Such revenues and related base amounts associated with such revenues are defined as follows:

A.2 Program Based Funding (PBF) Revenue (Base, COLA & Growth)

- A.2.1 The base amount for 2009-10 is the revenue level recognized in the 2008-09 fiscal year that was used for retroactive salary improvement calculations for that year. The base amount includes any Growth Funds and any Program Improvement Funds and is reduced by any State deficit which may be applied retroactively. Typically, the amount received in the preceding year per PBF provisions is the revenue recognized for that year if no statewide deficit is projected.
- A.2.2 Program Based Funding revenues are generally considered "continuous" funds and shall be used to fund continuing salary and benefit costs applicable to the LRSA unit members. New or increased Program Based Funding revenues above the base amount are generally derived from two sources: 1) Cost of Living Adjustments (COLA); and 2) Growth Funds. In addition, the District may receive Equalization funds under Program Based Funding provisions. The determination, availability, and distribution of the bargaining units proportionate share of new or increased Program Based Funding revenues due to the COLA factor is dependent upon the final adoption of the State Budget and the reliability of receiving such entitlements.
- A.2.3 Typically, an initial salary schedule improvement is implemented for the fiscal year which considers the amount of COLA funds authorized in the State Budget for community colleges provided that such COLA funds are reliable (no projected State funding deficit).
- A.2.4 After providing for specified District costs associated with such growth funds, available Growth Funds in 2009-10 which are attributed to PBF provisions are proportionately allocated to the unit. Available Growth Funds are further described in Attachment 1 and are considered "continuous" funds.

- A.2.5 Equalization funds are intended to “equalize” the funding for credit full-time equivalent students (FTES) funding across the State. Districts below the statewide average for credit FTES funding are designated as “low revenue.” Equalization funds are provided infrequently and may or may not be distributed based upon the PBF determination of a “low revenue” district. However, when Equalization funds are provided, they are considered “continuous” and are included under the Program Based Funding provisions set forth in Appendices A and B.
- A.3 **Basic Skills Growth Revenue**
In 2007-08, the State discontinued funding Basic Skills over cap FTES. Basic Skills funds previously allocated as general purpose were funded under a categorical program titled “Basic Skills Initiative” and are no longer a revenue source for compensation.
- A.4 **Partnership for Excellence (PFE)**
In 2005-06 the Partnership for Excellence Program, previously funded separately by the State, was consolidated into the District’s base funding.
- A.5 **Lottery Revenue**
The base amount for Lottery revenue is established at \$3.3M. Lottery revenue is considered one-time-only revenue and the proportionate amount of eighty percent (80%) of such funds distributed to the LRSA unit members is distributed on a one-time-only basis. Effective July 1, 2000, fifty percent (50%) of Lottery revenues above 1997-98 revenues are restricted per the conditions set forth in Proposition 20. Such restricted amounts may not be used for salaries and benefits and, therefore, are excluded from the provisions of this section.
- A.6 **District Contribution Reduction**
Should the District contribution for medical and dental coverage be reduced in 2009-10 below the preceding years established level, the related reduction in District contribution costs for unit members shall be returned to the unit as a source of funds which is available for redistribution.
- A.6.1 The amount of funds attributed to any premium reductions in 2009-10 shall be distributed to members in combination with any Growth Funds.
- A.7 **Cost Reduction/Salary Savings**
The proportionate share of any cost savings which was previously funded from student growth funds as further described in Attachment 1 of this Agreement and salary savings described in Section A.15 of this Agreement shall be available to the unit as another source of funds.
- A.7.1 The amount of funds attributed to the defined cost savings in 2009-10 shall be distributed to unit members in combination with any growth funds.
- A.8 **State Revenue Recalculation – Other Funding Sources**
Should revenues for Program Based Funding or other State revenue be increased or reduced as a result of retroactive calculations performed by the State Chancellor's Office (February 2011 Recalculation for 2009-10 or other State computations), such revenue adjustments shall be applied in the year the adjustment was made.
- A.9 **Distribution or Allocation of Funds**
Unit members proportionate share of such additional funds shall be applied in the following priority order:
- A.9.1 The cost of step increments for 2009-10 including any longevity cost increases for unit members. Any prior year step increment costs which were not adequately funded from previous year’s continuing funds; then

- A.9.2 Any increased District cost of providing disability insurance coverage or unemployment insurance coverage to unit members in 2009-10; then
- A.9.3 The District contribution cost increases for medical coverage up to the lowest premium level established by the District health carriers in 2009-10.
 - A.9.3.1 The 2008-09 established District contribution level is currently \$746.66 per month (12 month basis) or as increased pursuant to this section shall be provided to each participating regular employee who works full-time and as further defined in Article 11.
- A.9.4 The increased cost in 2009-10 the District contribution for monthly dental premiums up to the 2009-10 monthly premium amount.
 - A.9.4.1 The 2008-09 established District contribution of \$117.00 per month (12-month basis) or as increased pursuant to this section shall be provided to each participating regular employee who works full-time and as further defined in Article 11.
- A.9.5 The increase in the premium for group life insurance (after the initial three (3) year term expires) for \$50,000 in term life insurance and accidental death and dismemberment coverage.
- A.9.6 Remaining funds shall be combined with the unit's proportionate share of available Growth Funds (Attachment 1) and provided as a retroactive salary improvement for 2009-10. The determination of the salary improvement will include evaluation of the provisions set forth in section 10.5.4 for addition of a twenty (20) year longevity increment. The cost of any salary and payroll-related fringe benefit improvements (continuous or one-time-only improvements) for 2009-10 shall be effective for services rendered as of July 1, 2009.
 - A.9.6.1 The cost of any salary schedule improvements provided in advance (Section A.2.3) of the final determination of revenues available to LRSA shall be considered in any retroactive salary calculations.
- A.10 Any improvements in District contribution levels to the medical and dental plans will be effective July 1, 2009. The amount of funds attributed to any premium reductions in 2009-10 shall be distributed to unit members in combination with any available Growth Funds (Attachment 1).
- A.11 The costs defined in Section A.9 are considered continuing costs and require "continuing" funds (as defined above) in order to continue the funding support of such costs in succeeding fiscal years. Any of the above costs funded in 2009-10 from one-time-only revenues (as defined above) shall be considered one-time-only distributions/improvements for 2009-10.
- A.12 The District and LRSA may meet annually during the term of the 2009-12 contract to discuss possible options for the redistribution of available revenues that are defined per Appendix A, Sections A.2 to A.8.
 - A.12.1 It is understood that the cost of funding annual step increments and increased District contribution for medical/dental coverage shall have first priority on such available funds.
- A.13 **Scheduled Distribution of Lottery Revenues**
The increase in funds attributable to Lottery revenues above the base amount stated in Section A.5 shall be considered one-time-only payments and will be distributed to the LRSA unit members on an annual basis with other retroactive salary compensation for the fiscal year.

- A.13.1 Lottery revenues for the fiscal year will be reasonably estimated at the time of processing any retroactive salary payments and the estimated lottery funds shall be included in the scheduled retroactive compensation improvement. Any revenue differences between actual lottery revenues received for this fiscal year compared to the lottery revenue estimates used for the improvements to salary and benefits shall be included in the succeeding fiscal year revenue distribution to LRSA.
- A.13.2 Lottery revenues below the base amount stated in Section A.5 shall reduce available continuous funds.
- A.13.3 The District Office Business Services staff shall inform the LRSA of the lottery amount received annually.

A.14 Distribution of Available Growth Revenues

The distribution of available Growth Funds, as defined in Attachment 1, and any remaining State COLA revenues shall be distributed no later than sixty (60) days after the final status of such funds is determined by the State Budget Act, or the California Community Colleges Chancellor's Office, or the close of the District's fiscal year, whichever is later.

A.15 Salary Savings – 2009-10

After consideration for replacement costs, net salary schedule savings (decrements) realized from unit members' retirements, resignations and changes to categorically funded assignments which occurs in 2009-10 may be used to:

- A.15.1 Address the unit's proportionate share of any reductions in Program Based Funding revenues which is above the defined base, and
- A.15.2 Remaining net salary savings (decrements) shall be included in the distribution or allocation of funds to unit members as described in A.14.

Salary savings resulting from unclaimed Dependent Care Assistance Program or Flexible Spending Plan elections by LRSA unit members will revert to the unit members who participated in the plan(s) per Internal Revenue Service code net of any costs associated with the plan administration.

A.16 Other Unrestricted Funds

Should other new State unrestricted revenues become available in 2009-10 as a result of changes in funding legislation or excess unrestricted funds above the State's appropriation limit become available, such new revenue source(s) shall be subject to further negotiations.

- A.16.1 The District shall notify the LRSA unit of such new unrestricted revenues that are subject to further negotiations.

A.17 Excluded Revenue/Funding Sources

Other State revenues not defined herein, and other categorical apportionment funds, state apprenticeship, and other restricted or designated revenue sources shall be excluded from any computations of the bargaining unit's proportionate share of funds.

A.18 Ten Percent (10%) Limitation

Should the 2009-10 revenues as defined above provide sufficient funding for salary, fringe, and health benefit improvements, including step and longevity changes and other mutually agreed upon allocations which result in a distribution in excess of ten percent (10%), such excess funds above ten percent (10%) shall be subject to further negotiations.

- A.18.1 The District shall notify the LRSA unit of such excess funds above the ten percent (10%) level as it relates to the revenues defined herein.

A.19 Review of District Records

Records maintained by the District Office Business Services Office related to the implementation and calculation of LRSA's proportionate share of the defined funds shall be available for review by designated representatives of LRSA. LRSA and Business Services representatives shall meet at a mutually agreeable time. Business Services representatives will provide copies of any records upon request of the designated representatives during their review of the records.

Annual reports summarizing the calculation of LRSA's proportionate share of defined funds and the allocation/distribution of such funds shall be prepared by Business Services representatives. All such summary reports relating to the implementation of Articles 10 and 11 and related appendices shall be available to designated representatives of the LRSA.

A.20 Changes in Funding Formulas for Community Colleges

Should the funding formula for community colleges change substantially for 2009-10 which affect the application of the contract provisions, the above Sections A.2 to A.5 shall not apply. Such new unrestricted funding provisions shall be subject to further negotiation for 2009-10.

A.21 Reduction or Insufficient Defined Revenues in 2009-10

Should the total of all defined revenue/resources for 2009-10 be less than or equal to the various specified base amounts stated in Sections A.2 through A.6 above, LRSA unit members shall bear their proportionate share of such reduced or insufficient funding levels. Such reduced revenues shall be calculated as specified in this section.

A.21.1 LRSA's proportionate share of computed revenue reductions shall be applied, but not limited to: a) salary schedule adjustments; b) workload adjustments; c) suspension of salary schedule step advancements; or d) other adjustments as mutually agreed to by LRSA and the District.

A.22 If the total of 2009-10 defined revenues are calculated at a lower level than received in 2009-10, the cost savings described in Attachment 1 and Section A.15 shall offset such decreased revenues. The bargaining unit's proportionate share shall be based upon eighty percent (80%) of PBF revenue reductions and other revenue.

A.22.1 If 2009-10 defined revenues have increased above 2008-09 specified levels, the calculated cost savings per Attachment 1 shall be considered another source of revenues.

A.23 Cost Advances

The cost of any 2009-10 step increments and other additional payroll related benefit costs for 2009-10 which are not sufficiently funded shall then be considered advanced by the District for 2009-10. Any costs advanced which are insufficiently funded by the District shall have first priority in the utilization of LRSA's proportionate share of defined revenues in 2010-11 or the subsequent year.

Appendix B: Salary & Benefits 2010-11 & 2011-12

B.1 Salary & Benefits – 2010-11 & 2011-12

Salary and fringe benefit improvements, including step changes and improvements to the District contribution for medical and dental insurance, shall be determined for fiscal years 2010-11 and 2011-12 in accordance with the provisions stated in Appendix A, Salary and Benefits 2009-10, of this Agreement and all such improvements as determined for the respective contract year shall be effective at the start of the particular fiscal year.

B.2 Funding Sources for Salary & Benefit Improvement – 2010-11 & 2011-12

Eighty percent (80%) of such revenues defined in Appendix A, Salary and Benefits 2009-10, shall be allocated and distributed in the same manner for 2010-11 and 2011-12. Related base amounts for each contract year are defined in Sections B.3 to B.4.

B.3 Program Based Funding (PBF) Revenue

The base amount is the amount recognized or received in the previous year per Program Based Funding (PBF) provisions. PBF base revenue includes any 2010-11 or 2011-12 Growth Funds, Program Improvement Funds, and any other revenues which are computed as Base Revenue pursuant to PBF provisions by the State of California, Chancellor's Office. Such PBF base revenue may also be reduced by any retroactively applied State deficit.

B.3.1 New or increased Program Based Funding revenues above the base amount are generally derived from two sources: 1) Cost of Living Adjustments (COLA) and 2) Growth Funds. Any other categories of unrestricted Program Based Funding financing formula which are added or modified in the contract year shall also be allocated to the LRSA unit members in accordance with provisions stated in Appendix A of this Agreement. Any reduction in funds resulting from Title V, Section 53310 provisions (75:25 Full-time/Part-time faculty ratio) shall reduce new or increased funds.

B.4 Lottery Revenue

The base amount for Lottery revenue is established at \$3.3M. Effective July 1, 2000, fifty percent (50%) of Lottery revenues above 1997-98 revenues are restricted per the conditions set forth in Proposition 20. Such restricted amounts may not be used for salaries and benefits and, therefore, are excluded from the provisions of this section.

B.5 District Contribution Reduction

Should the District contribution for medical/dental coverage be reduced in the respective contract year below the preceding year's established level, the related reduction in District contribution costs for unit members shall be returned to the unit as a source of funds which is available for redistribution.

B.6 Cost Reduction/Salary Savings

The proportionate share of any cost savings which were previously funded from student growth revenues and as further described above and in Appendix A shall be considered as a source of funds which is available for redistribution.

B.7 Other Funding Sources

Should revenues for Program Based funding be increased or reduced as a result of retroactive calculations performed by the State Chancellor's Office, such revenue adjustments shall be applied in the year the adjustment was made by the State.

B.8 Distribution or Allocation of Funds

LRSA unit members shall receive their proportionate share of such increased revenues which shall be applied in the same priority order as listed in Appendix A of this Agreement except that any previous years' continuing costs of LRSA unit members funded from one-time-only revenues that year shall have first priority.

B.9 Available Growth Revenues

Available Growth Funds as defined in Attachment 1 shall be proportionately distributed to LRSA on a continuous or one-time-only basis dependent upon the nature of such funds received by the District. The same terms stated in Appendix A of this Agreement shall apply to the 2010-11 and 2011-12 contract year.

B.10 Reduction or Insufficient Defined Revenues – 2010-11 and 2011-12

Should the total of all defined revenues for the respective contract year be less than or equal to the base amounts stated in Sections B.3 to B.4, or sufficient revenues are not received to fund the full cost of step and longevity increments and other increased payroll related benefits, LRSA unit members shall bear their proportionate share of eighty percent (80%) of such reduced or insufficient funds. Such reduced revenues shall be calculated as specified in Appendix A.

LRSA's proportionate share of computed revenue reductions shall be applied, but not limited to: a) salary schedule adjustments; b) workload adjustments; c) suspension of salary schedule step advancements; or d) other adjustments as mutually agreed to by LRSA and the District.

Attachment 1: Calculation of Available Growth Revenues & Related Growth Costs 2009-12

The following information has been prepared to describe how District growth revenues are appropriated for defined growth costs in order to serve the additional students of our District and the funding.

1.1 Calculation of Available Growth Revenue

Eighty percent (80%) of growth funds per Program Based Funding provisions received in 2009-10 shall be initially appropriated in the following manner:

- 1.1.1 The increased costs associated with each year's actual full-time equivalent (FTE) instructional level for which is above the previous year's actual instructional staffing level.
 - 1.1.1.1 The actual instructional staffing level for each year shall be determined after the end of the third week of Spring and shall be based upon the average of the Fall/Spring third week instructional FTE level for that year plus the change in FTE for the Summer term above the base level of 122.34 subject to Section 1.1.1.1.1 below. For this provision, the Summer term is the term occurring prior to the Fall term for the fiscal year.
 - 1.1.1.1.1 To calculate the growth in instructional FTE for the Summer term, a productivity level of 450 will be used. If the actual Summer term productivity is below 450, Growth Funds will not be charged for FTE utilized below the 450 level.
 - 1.1.1.2 Such costs shall be computed based upon the 2008-09 standard part-time FTE cost of \$48,379 plus any salary schedule improvements provided in 2008-09 except the standard adjunct cost for Summer term instruction will not include the health and welfare benefit costs; and
 - a. for 2009-10, additional improvements provided in 2009-10 applied to the standard adjunct FTE cost, as adjusted for 2008-09; then
 - b. for 2010-11, additional improvements provided for 2010-11 applied to the standard adjunct FTE cost, as adjusted for 2009-10; then
 - c. for 2011-12, additional improvements provided for 2011-12 applied to the standard adjunct FTE cost, as adjusted for 2010-11.
 - 1.1.1.3 The increased cost over the previous year's related to contracted instruction, such as public safety, instructional programs and other contracts;
 - 1.1.1.4 The determination of actual staffing level utilized, increased contracted instruction costs, and actual enrollment growth revenues received for the contract year shall be made no later than sixty (60) days following the close of the District's fiscal year end. Potential State funding deficits may reduce expected growth revenue. The records maintained by the District Office Business Services Office shall be used to determine actual staffing levels.

- 1.2.1 The salary and fringe benefit annual contract cost in the contract year of additional certificated counselors required to maintain a counselor/student ratio of 1:900;
 - 1.2.1.1 Such positions shall be hired for the start of the following Fall semester; and
 - 1.2.1.2 Continuing growth funds shall be committed for the additional authorized counseling positions and any unused continuing funds set aside for this purpose in the contract year shall be proportionately distributed to the unit on a one-time-only basis; then

- 1.3.1 The cost of additional full-time faculty required to be hired as specified in Title V provisions. The incremental salary and fringe benefits costs due to conversion of part-time instructional FTE to regular instructional positions and salary and benefit costs of other non-classroom faculty positions shall be funded from specified growth funds. The standard cost of salary and payroll related fringe benefit cost for 2008-09 is established at \$28,818 for converted instructional FTE. The standard cost of salary and payroll related fringe benefit costs for newly hired non-classroom faculty (164 or 174 days) is \$74,134 and \$96,926 respectively for 2008-09. The established District contribution costs toward health benefits shall be considered. The standard costs for required faculty hires pursuant to Title V provisions shall be increased by any salary schedule and fringe benefit improvements provided in 2008-09 and salary improvements provided in 2009-10, 2010-11, and 2011-12, as applicable;
 - 1.3.1.1 The salary and benefit costs of the additional full-time faculty hired shall consider whether such hires were for the start of the Spring semester or the following Fall semester.
 - 1.3.1.2 Continuing growth funds shall be committed for any positions authorized in the contract year; and
 - 1.3.1.3 Any unused continuing growth funds set aside for this purpose shall be proportionately distributed to the unit on a one-time-only basis.

- 1.4.1 The salary and fringe benefit cost of additional classified positions which are needed as a result of District enrollment growth or new education sites, and
 - 1.4.1.1 The maximum number of additional full-time equivalent (FTE) classified staff required due to enrollment growth shall be based upon the District's current growth factor percentage assigned by the State multiplied by the total classified FTE level authorized for the year. Authorized classified FTE includes White Collar, Specialists, Blue Collar, Supervisory and Confidential positions funded with general purpose revenues.
 - 1.4.1.2 Classified positions (FTE) which are funded with categorical resources/revenues are excluded from this computation; then
 - 1.4.1.3 The additional classified FTE shall be in place no earlier than the Spring semester of the contract year or on or after July 1 of the succeeding year.
 - 1.4.1.4 The actual number of additional classified staff (FTE) authorized for the contract year and the related salary and benefit costs of such positions shall be funded from continuing growth funds.

- 1.4.1.5 The cost of any retroactive salary improvements for the additional classified positions which are authorized in a given contract year shall be provided from growth funds; and
- 1.4.1.6 Any unused continuing growth funds appropriated for new classified staff positions shall be included in Available Growth Funds and proportionately distributed to the unit on a one-time-only basis.
- 1.5.1 Additional administrative positions shall not be funded from growth funds.
- 1.6.1 Then, Available Growth Funds shall be distributed proportionately to LRSA in accordance with Sections A & B.
- 1.7.1 The distribution of any State growth revenues as defined in this contract shall be distributed to unit members no later than sixty (60) days after the final status of such funds is determined by the State Budget Act or the California Community Colleges' Chancellor's Office or the close of the District fiscal year, whichever is later.
- 1.8.1 **Cost Reductions**
The cost reductions related to those items listed below shall be calculated and applied as an additional source of funds. Typical items previously funded from growth revenue are:
 - 1.8.1.1 The cost reductions associated with the actual instructional FTE utilized for the academic year based upon the average of the Fall/Spring third week instructional FTE level which is below the previous year's actual instructional staffing level. The standard 2008-09 part-time cost per FTE \$48,379, as defined per Section 1.1.1.2, shall be used to determine instructional cost savings, and
 - 1.8.1.2 The cost reductions in the contract year attributed to the annual salary and fringe benefit cost due to the reduced number of full-time-equivalent (FTE) certificated counselors required to maintain a counselor/student ratio of 1:900. The previous year's required counseling FTE shall be used as a base to determine the net reduction in FTE for the current contract year. The standard 2008-09 part-time cost per FTE of \$68,065 (@ 174 days) as adjusted for any salary schedule improvements provided in 2008-09 or thereafter or the standard cost for entry level Schedule A shall be used to determine such cost reductions.

Actual counselor staffing FTE levels above the required staffing level of 900:1 shall be used in the determination of cost reductions if such levels are greater.
 - 1.8.1.3 Any other cost reductions due to staffing changes (reduction) which were previously funded from growth funds as further described Sections 1.1.1 to 1.4.1.
 - 1.8.1.4 The total amount of cost savings as determined above shall be proportionately distributed to LRSA.
- 1.9.1 Available Growth Revenue for 2010-11 and 2011-12 shall be determined in the same manner as 2008-09 contract year except that:
 - 1.9.1.1 The actual instructional staffing levels expressed in full-time equivalent (FTE) terms in either 2010-11 or 2011-12 which is greater than the actual

FTE level of the previous year shall be determined for the particular contract year; and, in addition,

- 1.9.1.2 Standard part-time FTE cost \$48,379 as defined in 2008-09 shall be adjusted for salary schedule improvements provided in 2008-09 and 2009-10.
- 1.9.1.3 The standard net faculty conversion cost increase amounting to \$28,818 plus the established District contribution cost towards health benefits for any conversions of part-time instructional FTE shall be adjusted for any salary schedule and benefit improvements provided in 2008-09, 2009-10 and 2010-011.
- 1.9.1.4 The increased (or decreased) cost of contracted instructional programs in 2008-09 or in 2009-10 over the previous year's level.
